

Ring Size Guide

1

Confirm Printed Scale

1. Before measuring your ring size, print this guide at A4 size, ensuring page scaling is set to 'none'.
2. Measure the below scale bar to ensure it is exactly one inch or 30mm. If the lines do not measure up, check that you're printing your page at full size and reprint before continuing.

To find your correct ring size follow these directions:

1. Use a ring that fits you well on your intended finger.
2. Match the inside of your ring with one of the circles below. You have chosen the correct circle when you can only see the gold colour with no white on the inside of your ring.
3. If your ideal fit falls between two sizes, we recommend choosing the larger size.
4. Double check sizing to make sure you've selected the right size
